A Warm Reception .- Being embraced by a man who has fire arms. Rather too Bad .- Telling a lady who trails her dress on the street that she is taking an extravagant way of grinding

Hard Service - Living at a boarding house where you have only hard crusts to bolt and bones to pick at meal times.

Civil Service - Living at a boarding house where the lady thereof is not always grumbling at the appetite of her boarders. A dry Truth - The "cup of sorrow" contains a worse draught than a pint of ale. Blessing. - A wife who's a stranger to ten parties and dry goods stores.

some people's faces much oftener than it Evergreen - People who are fond of flattery & cannot see when they are laughed at.

MATRIMONIAL RETALIATION - Some years since, in the county of Penobscot, there lived a man, by the name of H-, whose greatest pleasure was in tormenting others; his own family was generally the butt of

his sport. One cold, blustering night he retired to bed at an early hour-his wife being absent. Some time after she returned, and, finding the door closed, demanded admit tance.

Who are you?' cried II. 'You know well enough who I am; let me in, it's very cold."

Begone! you strolling vagabond, I want nothing of you here.'

'But I must come in.' 'What's your name?'

'You know my name-it's Mrs. II. Begone! Mr. H is a likely woman, and never keeps such hours as this.' 'If you don't let me in, I will drown my-

self in the well.' 'Do if you please,' he replied,

She took up a big log, plunged it into the well, and returned to the side of the door. Mr. H. hearing the noise, rushed from

the house to save, as he supposed, his drowning wife. She, at the same time, slipped into the house and closed the door after her. H., almost naked, in turn demanded admittance. ·Who are you?' she demanded.

'You know who I am; let me in, or I shall freeze.' Begone! you thievish rogue, I don't

want you here.' 'But I must come in.'

'What is your name?' 'You know my name-it is H.'

'Mr. H. is a very likely man; be don't keep late hours.'

Suffice it to say, she, after keeping him in the cold until she was satisfied, opened the door and let him in.

POLITICAL DISTINCTION. - The late Frederick Tropnell, one of the ablest lawvers in the State, was a candidate for the State Senate. Old Bob Triplet, a dissipated but iovial character, meeting Mr. Tropnell at the bar-room of the principal hotel, requested a loan of ten dollars.

"Bob," says Mr. Tropnell, you have been borrowing money of me several times; before I lend you any more, I want to know whether you are going to vote for me or

not?" Triplet, putting on one of his good-natur-

ed smiles, replied, Fred, financially I am with you, but politically I am agin you"

28 "In my time, Miss," said a steru Aunt, the men locked at the women's faces instead of their ankles!

"Ah! but my dear aunt," replied the young lady, "you see that the world has improved, and is more civilized than it used to be. It looks more to the understanding."

No A destitute woman called on a certain family for something to cat. A few dinner remnants were put in her basket, and having a small bag or pillow-slip in her hand, she was offered as much corn meal as would fill it. "No, ma'am!" was her offended reply, I am poor enough, God knows, but I cant go corn meel; when I come to that, I mean to starve."

A garrulous fop, who had annoved by his frivolous remarks, his partner in the ball room, among other empty things, asked whether she had ever had her ears pierced?' 'No,' was the reply, 'but I have often had them bored.'

The above is a portrait of David McCreary of Napier township, who on the Bist of August, 1858, made athidavit before Justice Gorley that he was treated for the cure of Cancer by three physicians of Bedford county, and by Dr. Newton of the Eclectic College in Cincinnati, for a period of nearly eight months, notwithstanding which, his lip, nose, and every portion of his left cheek was entirely eaten away. He had given up all hope, when he heard of the "Blood Searcher," and was induced to try it. Health and its Pleasures

DISEASE WITH ITS AGONIES: CHOOSE BETWEEN THEM!

HOLLOWAY'S PILLS.

Nercous Disorders.
WHAT is more fearful than a breaking down of the nervous system? of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one: drink but little wine, beer, or spirits, or far better, none ; take no coffee-weak tea being preferable; get all the fresh air you can; take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves. Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their puri-fying properties, especially their power of cleans-ing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required. Sick Headaches and Want of Appetite.

These feelings which so sadden us, most fremently arise from annoya ser trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Fills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

Disorders of the Kidneys. In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of Order. No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm-in fact they never fail in curing all disorders of the liver and Stomach.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague, Asthma, Billious Complaints, Blotches
on the Skin, Bowel Complaints, Colics, Constipation of the Bowels, Consumption. Debility, Dropsy, Dysentery,

Erysipelas, Female Irregularities, Fevers of all kinds, Fits, Gout, Headache, Indigestion, Inflammation, Jaundice, Liver Complaints, Lumbago, Piles, Rheuma-tism, Retention of Urine, Scrofula, or King's Evil, Sore Throats. Stone & Gravel, Secondary Symptoms, Tic-Dou-

loureux, Tumours, Ulcers, Venereal Affec-tions, Worms of all kinds, Weakness from whatever cause, &c., &c. unless the words" Holloway, New York and Lon-don," are discernible as a Water-mark in every leaf of the book of directions around each pot or box: the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties unterfeiting the medicines or vending the same,

knowing them to be spurious.

Sold at the Manufactory of Professor
Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Med-icine throughout the civilized world, in boxes at 25 cents, 62 cents, and \$1 each.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trum-peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved

a Godsend to regions where fever and ague and various other billious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, fiver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.
Elderly persons may use the Bitters daily as

per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach depreparation rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when heir cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is not to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of hodily strength. All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and mursing mothers, will consult their own physical welfare by giving to Hustetter's Celebrated Stomach Bitters a trial. CAUTION .- We caution the public against

using any of the many imitations or counter-

felts, but ask for Hostettee's Celebrated Stomach Bitters, and see that each bottle has

the words "Dr. J. Hostetter's Stomach Litters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, observe that car autograph signature is on the # Prepare and sold by HOSTETTER & SMITH, Pitsburgh, Pa., and sold by all druggists, greeers, and dealers generally throughout the United States, South Ame-

rice, and Germany. FOR Sale in Romney, by WILLIAM A. Ruy-[Feb 10, 1860. KENDALL.

IMPURE BLOOD!

The blood is the life! and when any foreign or unbeatile; The blood is the life! and when any foreign or unhealtly matter gets mixed with it, it is at once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the feed perfectly. The liver ceases to secure a sufficiency of hile. The action of the heart is weakened, and so the circulation is feelle. The liver becomes closped with the poisonous matter; hence, a cough—and all from a slight impurity at the fountainhead of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a finy resuled, in a few manutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood for its every part, and leave its sting bedint. All the placages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out.

These pilis not only purify the blood, but regenerate all the secretions of the body; they are, therefore, unrivalled as a
